

I'm Your Eyes

MV-LCD-42046NL-B LCD Display Unit

Key Features

- Super high display resolution up to 1080P
- Longer display life span up to 60000 hours
- Support multiple kinds of video input interface
- Super narrow rim design, high definition, high brightness, high brightness, high color gamut
- Multiple way for display unit splicing
- Color balance self-adaptive
- Support 7*24 running
- Adopt wide viewing angle DID LCD which supports 178° viewing angle
- Smart fan for temperature control
- Support multiple installation way
- Support LCD running time record and displa

Specification

Display	Size(inch)	46"
	Back light source	LED
	Resolution	1920x1080
	Color	16.7M
	Viewing angle	178° (CR≥10)
	Response time	8ms(G to G)
	Contrast	3500:1
	Brightness	450cd/m ²
	Dot pitch	0.53025mm
	Color saturation	92%
	Screen Active zone	1018.08(W) x 572.67(H)mm
Splicing seam	Physical seam	5.3mm
Interfaces	Input interfaces	VGA×1, DVI×1, Video×2, YPbPr×1, HDMI×1
	Output interfaces	VGA×2, DVI×2, Video×1
	Control interface	RJ45 for RS-485
Power Supply	Consumption	170W
	Power supply	AC 90-264V~, 50/60Hz
Working Environment	Life Span	≥60000 hours
	Working temperature	0℃--40℃
	Working humidity	10%--85% (non-condensing)
	Border width	3.6mm(left/upper), 1.7mm(right/down)
	Dimension	1023.98mm×578.57mm×70.5mm
